- NEWS:** Valley College “kicks-off” its renovated Monarch Stadium complex with a pageantry-filled ceremony. The complex, which features a state-of-the art athletic field and the only 10-lane Mondo track in Southern California, will take its place as the premier athletic facility in the San Fernando Valley. The field is lined for soccer and football, and is made from the latest synthetic fiber, eliminating the need for fertilizer and substantially reducing water needs.
- The Monarch Stadium complex has been funded the Los Angeles Community College District \$2.2 billion Prop. A/AA Bond Program. The bonds were approved by voters in 2001 and 2003 and are funding numerous capital improvement projects at Valley College and the eight other Los Angeles Community College District campuses.**
- VISUALS:**
- Student athletes, including members of football team and male and female members of soccer and track teams, will “take the field” by entering through a colorful “run-through banner” and performing various athletic activities
  - Dignitaries will dedicate new facility with green expanse of new field behind them
  - Tailgate party with hot dogs and other refreshments will take place after the ceremony
